Continuous Implementation Support

(continued from page one)

Getting Started with *Amira Learning* course

In this course, you'll build understanding and confidence to ensure a strong implementation. Support differentiation, assessment, and effective instruction using *Amira Learning* resources and instructional tools.

Agenda items:

- Interact with program components and instructional strategies from the student perspective
- Examine resources for lesson planning and differentiation, along with assessment tools to monitor progress
- Explore Ed, the HMH learning platform; including managing classes, assigning work, and reporting
- Collaboratively plan for the first/next three weeks of instruction

Family Resources:

Families and caregivers have easy access to *Amira Learning* support. Providing resources in English and Spanish, Family Room is accessible via the student's credentials.

Follow-up Sessions:

60 minute sessions deepen program mastery and teaching practices. Coordinators can choose from and combine relevant topics to personalize the program to meet the needs of their unique classrooms and students— available live, online.

On-demand Support:

Teachers can find on-demand support in Teacher's Corner. Located on the Professional Learning tab within Ed, the HMH Learning Platform, Teacher's Corner provides curated and digestible professional development. From classroom videos to remote teaching support, Teacher's Corner puts PD on your schedule.

Leader Learning:

New for 2021! Now school and district leaders can access the same valuable resources as teachers via Teacher's Corner.

Resources include:

- Live Events
- Getting Started
- Program Support
