Supporting Teachers
The Teacher’s Reading Assistant

The Tutoring:
Every time a student reads with Amira, Amira is listening and learning. And when the student misreads a word, Amira analyzes the situation to determine:

• What word was missed?
• Is the student frustrated?
• What’s the best micro-intervention to support the student in this moment?

Then, Amira delivers a supportive micro-intervention to the student to keep him reading (and building reading mastery)!
