Set Up Your Classes

The My Classes tab allows teachers to monitor student progress on assignments, create groups, and add students to or edit a class.

Virtual Classroom
Launch directly from Ed to stay connected and to lead whole class, small group, and 1:1 video chats.

Roster
Create a class or edit the name or grade of an existing class.

Pro Tip
Virtual Classrooms are currently available for Microsoft Teams®, Google Meet™, and Zoom®.
Create Student Groups

View student progress on assignments.

Teachers can choose to manually group students or let Ed suggest groups based on students’ scores and data.

Dig Deeper

Try creating a class of students. You can then organize the students into groups and create assignments.

GO BACK TO MENU
Discover Your Content

The Discover tab allows teachers to select each HMH Math 180 Series, Block Lessons, and Topic resources as well as browse content by standards.

**Connected Solutions**
Access Math 180 Student Software, HMH Growth Measure and other connected solutions such as Waggle or Into Math. See Page 10.

**Select a Program**
Locate the specific programs associated with your classes.

**Search Feature**
Quickly find content by Standard.

**You Are Here**

**Dig Deeper**
Select HMH Math 180 from the Program Drop-Down Menu, click on All Resources, then click Teacher Display Tools. Browse the Teacher Display Tools that are aligned to each Block, Topic and Lesson. These interactive tools help guide through Do Now!, Connect, Teach, Guided Practice, Practice and Summarize with an Exit Ticket.
View Resource Categories and Details

In the HMH Resources section, resources for each topic are organized into meaningful categories and accompanied by learning objectives that support previewing.

Click on the ellipsis icon next to a resource to view additional details, including Standards.
Assign Content

On the Discover tab teachers can easily add resources to lesson plans and assign resources by program, block, lesson, topic or standards to an entire class, a group of students, or individual students.

**Pro Tip**
Use the filters to find resources and content quickly.

**You Are Here**
Assign the resource. Assignments appear in the Student Dashboard.

**Add to My Lessons**
to add the resource to a lesson plan you have created.

**View Details**
to see a synopsis of the Lesson.

**Dig Deeper**
Create Assignment by personalizing details for Availability, Due Date, and assign specific Classes or Groups.

GO BACK TO MENU
**Interactive Digital mSpace**

On the Discover tab teachers can easily add students to Interactive mSpace, on Ed only. This engaging all digital mSpace workbook provides students an easy way to play videos, flip between worked out examples, create visuals to represent their math, check their work, and more.

**Pro Tip** Students will be able to view the Interactive mSpace in their assignments, once the teacher has assigned it.

**You Are Here**

Continue to the next page for more Interactive mSpace insights.
Check mark the mSpace Interactive box.

Click Apply.

Click the Component drop down menu.

Dig Deeper

Click the 3 dots to quickly View Details, Add to your lessons, Assign to an Individual Class or Students, or Open content.
Connect with HMH Solutions

The Connected Solutions page on the Discover tab gives teachers digital options for additional content to support student growth.

HMH Growth Measure connects teachers and students to differentiated content that drives student growth.

HMH Into Math Designed from the ground up, Into Math is the only Grades K–12 solution built to monitor, predict, and propel growth for each and every student.

Waggle provides video-game style personalized skills-based practice and instruction with embedded support and ongoing dynamic assessment.

View Student Software Click "view" to open and review what your students see within the Student Software.

GO BACK TO MENU
Use Data to Inform Instruction

The Reports tab provides student performance data and access to critical information for teachers.

**Growth Report** shows your class Growth Measure results. Once students complete the Growth Measure, you can view students’ scaled scores and performance levels for the testing window, class averages, and individual results.
The Assessment Report includes a distribution of class proficiency, average class scores over time, and individual student scores.

Use this section of the report to view performance for each student and to place students into groups.
The Standards Report shows student performance based on standards in the selected subject.
Program Activity Report shows students’ performance on the software as they progress through Math 180. Teachers can use the Program Activity Report to identify students who are performing below the expected level within the Math 180 curriculum.
Access Professional Learning

From the Teacher’s Corner tab, teachers have access to an ever-growing library of resources for Math 180 and grade-level needs including tips from teachers.

**You Are Here**

Teacher’s Corner® provides support with a library of professional learning resources and tips from our team of experienced coaches.

**Dig Deeper**

Use the filters to find and explore Math 180 program resources to help with things like discourse and formative assessment.

**Program Support** is designed to focus on key best practices and lesson ideas for each program.

GO BACK TO MENU
Teacher Success Pathways

The Teacher Success Pathway provides a new learning experience for teachers. Once logged into Ed, Teachers are prompted to build a profile by selecting the grades, subjects, and the programs they teach. The Teacher Success Pathways provide ongoing support and personalizes their on-boarding experience.

Pro Tip
Be sure to complete the grade, subject, and program selections when first prompted. These selections determine the supporting videos, materials, and events provided in the Teacher Success Pathway.

You Are Here
Topics are designed to help incorporate HMH programs into the instructional block and include a variety of on-demand training items.
